25X1 4. [ ] Met with Representative William G. Bray  
25X1 (R., Ind.) in response to his request for information concerning the  
[ ] charges that he was kidnapped by the CIA. I confirmed Representative  
Bray's personal determination that CIA was not involved in the affair, that  
it was one against the best interests of the United States, and that the action  
that followed by the mercenaries might almost have been predicted.  
Representative Bray was very pleased to hear this and again restated his  
confidence in the Agency and the Agency conduct of its mission.

Representative Bray raised a question concerning the disposition that  
has been made of the Soviet and other documents that were seized in Ghana.  
All things being equal, he would like to see these papers exploited through  
the press to provide a picture for the American public of Soviet operations.  
I advised that I would relay his query and be back in touch with him. I took  
the opportunity to discuss with Representative Bray, at some length, S. 1035  
which is under consideration in the Senate.

25X1 5. [ ] Met with Mr. Christopher Sylvester in  
Senator Milton Young's (R., N. Dak.) office, and brought him up to date on the  
status of the S. 1035 matter. I told him that we had delivered copies of  
Mr. Helms' 1 September letter to the other members of the Senate  
Subcommittee, and that the decision for action was a matter for the  
Subcommittee members to decide. Mr. Sylvester said he was not aware that  
S. 1035 was coming up on the floor and appreciated very much my dropping  
by to see him. 25X1

25X1 7. [ ] Talked to Larry Conrad, Chief Counsel,  
Senate Subcommittee on Constitutional Amendments, concerning S. 1035.  
Conrad provided me with the general nature of the statement Senator Bayh  
would make on the floor when the bill comes up for discussion. He also  
recommended that in the House rather than seeking a total exemption we  
seek to have the bill amended in such a manner that it will not interfere  
with Agency practices.
